PROFESSIONAL EXPERIENCE

Independent Investment Bankers Corp. | Austin, TX

May 2026 – Present

Investment Banking Intern (Remote)

- Conduct comprehensive industry, market, and company research using Capital IQ, FactSet, PitchBook, and IBISWorld to help bankers build targeted outreach lists and prepare materials for lower-middle-market M&A and capital-raising mandates
- Support investment bankers in the lower-middle-market by completing research and analysis tasks across active M&A and capital-raising engagements through IIB's broker-dealer platform to support deal preparation

Graeter's Ice Cream | Carmel, IN

May 2025 – August 2025

Team Member

- Operated the cash register, processed transactions, and handled cash accurately while ensuring smooth customer checkout
- Delivered friendly and high-quality customer service in a fast-paced environment while ensuring customer satisfaction

LEADERSHIP & INVOLVEMENT

Blockchain@IU | Bloomington, IN

January 2026 – Present

Co-President

- Build and manage a 70+ member community focused on blockchain, digital assets, and emerging financial technology
- Organize student travel and logistics for national crypto researchathons and hackathons, enabling members to develop investment theses, trade pitches, and blockchain product ideas in highly competitive, team-based national settings
- Maintain partnerships with Stand With Crypto, Polymarket, and other digital-asset firms to expand member opportunities

Asset Management Club | Bloomington, IN

January 2026 – Present

Active Member (Sales & Trading Cohort)

- One of four students selected for a rigorous summer-long bootcamp focused on developing technical, market, and interpersonal skills required to pursue a career in Sales & Trading across multiple institutional asset classes through collaborative meetings
- Enhance professionalism through LinkedIn and resume seminars, refining personal branding, resume structuring, and strategic networking skills while receiving peer feedback to strengthen long-term career readiness and professional development

Commodity Trading & Shipping Club | Bloomington, IN

January 2026 – Present

Active Member

- Analyze global energy and commodity markets through weekly discussions on supply and demand, market dynamics, and current events across crude oil, natural gas, refined products, freight, and broader global commodity markets
- Participate in a probability-based market-making simulation, pricing uncertain outcomes, quoting bid-ask spreads, managing risk and positions, and developing trading strategies based on expected values and evolving market information

Lifespan Biocapital | Bloomington, IN

January 2026 – May 2026

Equity Research Analyst

- Conducted fundamental equity research on emerging small- and mid-cap biopharma companies, analyzing Phase 2/3 clinical trial data, PDUFA timelines, regulatory risk, and competitive positioning across five distinct therapeutic categories
- Authored comprehensive equity research reports and present buy/sell recommendations to portfolio managers, actively contributing to strategic capital allocation decisions for a \$20K+ student-managed biotechnology investment fund

K201 Business Information Systems and Decision-Making | Bloomington, IN

January 2026 – May 2026

Peer Tutor

- Tutored first-year students in BUS-K 201 on business information systems, data analysis, Excel, Microsoft Access, and data-driven decision-making through hands-on guidance and real-world business applications
